

Parent Payment Policy 2024

Dear parent/guardian,

Jacana School for Autism is looking forward to another great year of teaching and learning and would like to advise you of Jacana School for Autism's voluntary financial contributions for 2024

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to

- Wider offering of subjects and special curriculum experiences.
- Enhanced digital learning opportunities.
- Access to whole school events.
- Increase access to communication tools.
- Improve the playground and climbing room.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Rationale

Parent payment categories

Jacana School for Autism may request parents make voluntary financial contributions and payments to the school under the following categories.

Curriculum Contributions

Curriculum Contributions are voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum. Schools must be able to justify why an item or activity has been categorised as necessary to the school's delivery of the Curriculum.

Other Contributions

Other Contributions are voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives. They can be requested for a broad area of school need or itemised for a clearly explained specific purpose.

Extra-Curricular Items and Activities

Extra-Curricular Items and Activities are items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free in order to deliver the Curriculum. Extra-Curricular Items and Activities are provided on a user-pays basis. They include optional excursions and camps, optional sporting or music programs, and materials that don't relate to the Curriculum such as school magazines.

Purchase of educational items for students to own

School councils may also invite parents to supply or purchase educational items to use and to own. If a parent does not provide or purchase their own educational items, the school must ensure the student has free access to what is needed at school to access the school's delivery of the Curriculum.

Financial help for families

Jacana School for Autism will have a commitment and responsibility to be responsive to parents who may be experiencing either short-term or long-term financial hardship.

Jacana School for Autism will:

- ensure costs to parents are kept to a minimum and made affordable for families
- consider the Financial Help for Families Policy and make arrangements for families who are experiencing financial hardship and unable to make payments for their child
- nominate a parent payment contact person(s) to support families with parent payment arrangements.
